CHEEKTOWAGA, N.Y. – U-Crest and Depew firefighters worked together Wednesday night at the scene of a two-car crash on the town line.

Two cars collided at the intersection of Dick Road and George Urban Boulevard around 7 p.m. Williamsville Fire Company was first on scene and reported it.

“They were on their way to the (fire tower) for drill and they pulled up and witnessed it. They called it in, which then our dispatch said it was Depew’s. Depew’s chief got here and said it was on our side so we both came and worked together,” said Chief Brain Chapman of the U-Crest Fire Department.

One driver was trapped in her car and firefighters had to use a hydraulic tool to pry the door open. She was later transported to Millard Fillmore Suburban Hospital by the Lancaster Volunteer Ambulance Corps.
