CHEEKTOWAGA, N.Y. (WIVB) - - Cheektowaga Police are investigating multiple shots fired at the Walden Galleria Sunday afternoon.

Cheektowaga Assistant Chief Jim Speyer tells News 4 at least two groups of people are involved in the shooting. Police are not calling this a random shooting, early stages of the investigation show the two groups are targeting each other.

Chief Speyer says one suspect fired shots on foot, and got into another car, before the car drove away.

Police believe at least two cars are involved in this investigation.

No word yet on how many people were involved.

It doesn't appear that the mall was closed or on lockdown.

Police will be reviewing security footage at the Walden Galleria to help in their investigation.
