## Arrest made in argument in Chick-Fil-A drive-thru

The suspect went back to his vehicle and obtained a knife, went up to the vehicle of the other person and held their door shut while waving the knife at the person and yelling at them.

Cheektowaga Police have made an arrest following an argument that happened in the Chick-Fil-A drive-thru Friday evening.

Police say an argument began between two customers over a proper place in line, when one individual exited his vehicle, and threatened another person, saying that he had a registered gun in his car.

Andrew Beilen, 31, of Blasdell, was the man arrested who threatened the other individual in the drive-thru.

Police say that Beilen went back to his vehicle and grabbed a knife, went up yelling to the vehicle of the other person, and held their door shut while waving the knife at them.

Beilen was charged with second degree menacing.
