A home was destroyed and several other structures were damaged after a fire on Long Avenue in Cheektowaga Monday night.

The fire started around 7:30 p.m. and could be seen from miles away.

A woman who said she lived in the house said the structure was a complete loss. She also said she believed her pet cat was killed in the fire.

People made their way through the neighborhood to see what was happening.

"Usually with that much smoke from a distance, it could be a warehouse or you know like an apartment," said former volunteer firefighter John Smith.
